QCF Qualifications confirmed for public funding (2010/11) - Adult Learner Responsive

Last Updated 11th May 2010

The April list confirms which QCF qualifications are confirmed for public funding for adults for delivery from 1 August 2010. Please note that this list will continue to be updated through to August 2010 so that providers can start delivering as soon as possible. A second list will then be published as of 1 September for delivery from 1 January 2010. The Skills Funding Agency is currently reviewing personal and social development qualifications in the Foundation Learning catalogue with a view to confirming which of these will be funded post 19.

Public funding is confirmed on the basis that the Skills Funding Agency has correct and relevant information from the Sector Skills Councils and Ofqual. The Skills Funding Agency holds the right to withdraw funding for new starts, giving appropriate time to the sector if:

- At the time of confirming a qualification for funding the information was incorrect or omitted and in light of this it becomes apparent that the Skills Funding Agency would not have confirmed the qualification for funding
- At the time of confirming a qualification for funding it was unclear that the qualification falls into the category of provision which is ineligible for public funding as outlined in the Funding Guidance
- Following a regular review of qualifications confirmed for public funding it becomes apparent that a qualification was incorrectly defined as being target bearing
