

# NOCN Qualifications: QCF

## The following NOCN qualifications have recently been extended in the NCF.

It is expected that the great majority of qualifications on the NQF will be superseded by the end of the year with qualifications that meet the requirements of the QCF. However Ofqual recognises that there may be gaps in the choices available for learners where there have been delays with QCF implementation. Some NQF qualifications have therefore been extended beyond the original end date of August 2010. This list is current as at the end of May 2010 and will be updated as necessary.
